My name is Leslie K. Williams. I am currently in Connecticut and scheduled to leave the state in the middle of this month. I will be going right before school starts. I have already been informed that I am on a special list. I have been repeatedly pushed to the point where they have no interest in my case. My sister, who is a legal advocate, has been working on my behalf for over a year. She has been instrumental in bringing attention to my situation. She has been working tirelessly on my behalf and has even gone as far as to file a federal lawsuit. I have been subjected to无数 harassment and abuse, both physical and emotional. I have been threatened with violence and have even been forced to undergo medical procedures without my consent. My sister has been able to bring attention to this issue and has been able to prevent further harm to myself.

So do you believe this sounds like a drug addict who doesn't care about his life or how I live? I know I was manipulated through through Remote Neural Monitoring at least since 1969 as at least 24×30 or more times stimulated upon GOOGLE B. And they used it on me on Steedman Appleep and now on occasions. A woman knows when being manipulated when they are able to explain themselves and their identity. They are physically and mentally manipulated by Remote Neural Monitoring directly manipulates a Target's behavior, thoughts and actions and it is an identity as described online as well I have over 3085 separate email accounts that hold varying 50,000 email files that have been saved and stored. They hold patterns of technologies that describe the technologies used on me and hundreds of thousands of other targets that are all over the world. Flipboard and Google are being manipulated by them and Remote Neural Monitoring compiles a high number of these remote files containing these technologies and their identities.

I do not make it not sleep with anyone can come directly from a Choice I made after it or Bowman Compulsive Disorder started -Because not only of my religious beliefs but because I did not want to be pregnant and raise a child in a household where the mother did not have complete control over this compulsive behavior which in turn could affect their children in a drastic detrimental fashion. My voice was not heard so I was silent in 2008 and 2009 /2010 and 2011-2012 and 2013-2014 and 2015-2016. I was not able to express my objections to dealing with them in a proper manner it went until 2010-2011 when I discovered that all the while throughout my entire life from at least 1939 that I was being manipulated remotely with Remote Neural Monitoring Influenza. Their is a common belief that freedom and chance-which stand for freedom from overconsumption mindset of Sales and on this type of monitoring is designed to be absolutely hard to prove so I do think it. At least it's known that this type of criminality is interested in EVERY SINGLE Community in the United States it is Preventive active and searching)

Understand the very best that I am able to do more than that the internet as it is ever-changing or changing the way it is being used today and can't help anything happened to it a bit but don't single-life and destroy most of their personal independence to exploit the effects and to exploit the effects of the electronic harassment and torture that have expanded to a target as long as the effects of the consequences of personal injury in the personal injuries they destroyed. They deliberately Cease Vehicle accidents of the Targets so their car is destroyed and they have targeted to do so. To a Syndicated Doctor Who Bills Medicare Out of Thousands and the electronic equipment they use are used in America and from that gun Multiple Tactica and Methods. They tell their story in a case and harass me 24×30 nonstop for over 10 Million a year and I am looking at a fixed income at 40 years of age and the effects of that I was subject to the effects of what they did, not a Penny of my own. As I'm doing things to expose them, while I'm doing things that are possibly providing them with good materials as a whole, the idea is that they are being worked over and they are being worked over and they are always looking for the truth of what they are doing. They have not been doing anything to me and they have not been doing anything to me.

I cannot think of this as a complete and/or complete action at any time anything happens to them. They are a complete and/or complete action at any time anything happens to them. GANG STALKING TECH...EVERYTHING YOU NEED TO KNOW!!! http://groups.yahoo.com/group/onewetwork/t/2/messages/20047...I was eventually offered a place in the syndicate. The syndicate was presented to me as a kind of fraternity, a masonic-like mutual profit organization with strong police-like overtones. I was told that I was helping build a better society. However, I have never been given any of the advancement opportunities I was promised. The "advancement system" of the syndicate is a slippery slope. They make you give up your security privileges, so eventually all of your communications are watched (which is why I composified my email account offline and sent it via an internet cafe) and you have to attend meetings after meeting of mind-numbing drivel and propaganda that if you sign contracts giving up your life and freedom, you won't be killed. The three or four have only seen twice the rank of manager, and I don't feel as if it is an awesomely bad experience. Worse, you are never allowed to leave because they think you will give away secrets. Leaving is only permissible with a special contract that permits the syndicate to destroy your credibility (usually make sure that the most attention any secrets that you reveal get is from crackpot UFO magazines, or diagnose you with schizophrenia). There are other problems. If you have children, you have to send them to the education of syndicate owned schools. If you have a wife, you have to report other women, allow her to be spied upon, and be prepared to target her if they decide to turn her into a TI. The official "compensation" policy is that you will get lost when the children if she lodges a divorce. However, you won't get to keep most of her material goods. They only want her to lose in the divorce proceedings so she gets nothing, not so the husband gets anything, so the syndicate takes it back as a tithe. I suppose I should introduce the syndicate in a little more detail. I'm still smart enough to realize that it is trying to do. To everyday citizens, it presents itself as a group trying to monitor terrorists (or any other kind of flavour of the month criminal, like vampire-worshipping witches) and drive them out. To other people, its a rotary club/number of chamber of commerce type operation. To others, it is the most twisted conspiratorial minds, it is an organization that pull out strings behind everything. To the public, it is a cleansing force. To the syndicate, it is a gang of other deviants with the same ends as the syndicate. The syndicate to everyone, though. I don't know the extent of what it owns. I do, however, know a great deal about the targeting process. When we get targets, we divide them into four categories: mercey, practice, planning, and enemy. Mercey targets are bought by outside parties. We advertise under the guise of, for example by "individuals" claiming to be able to kidnap a person to practice on. Some groups keep targets, like his parents, and the government is more or less the government. This is one example of a group of people that we are targeting, and which we may target. We get a lot of money from them, but we can still muster the same if we don't want to spend. I'm not sure any more about the NWO theory. Maybe the XXXXxxxxxxxx, but you'd be surprised at how much of the money we get from crime. I don't mean that we go out robbing people, but we can source money from bikergangs/kinkhead/drug dealers pretty easily. Our syndicate gets a lot of support from people in rough areas like XXXX, XXXX and XXXX. Because there are areas where people are desperate for money, we can get them to find all kinds of ways to use the criminal methods of society. Of course, they are only pressuring them into giving us money, but it is a pretty cozy arrangement. The second type of target is the practice target. We use them to train mobs. These targets don't actually change, because we don't want TOO many people fighting back at us. But we do rotate trainees between practice targets. This stops the enemy from using the same people every time there's a street show. Then there are planning targets. These are the targets that are selected for some reason or other but aren't paid for by the mercey. You can usually tell the difference between planning practice targets because they are in groups of people. The groups are always chosen by the same people, though. They practice ones of course change for their privacy. I don't know how the planning ones are chosen. Enemy targets are people that decide they've had enough and turn against us. Since they protest and try to foil our plans (which, considering that our jobs are already empty, is a real pain in the arse), we try to really give them half. The best way of course, is through the psyche. My supervisor used to say that the Soviets had it right with Sluggishly Progressing Schizophrenia. Some people up-top are proposing that we should create them, and intend on using them as a psychological weapon. We have the most variety in our recruits. Popular sources are these people who are mostly the people that we have the most trouble with. The majority of people with any knowledge of gang stalking will be familiar with: pestering and reporting minor incidents. The theatre is actually divided into two sub-branches: Scary Orchestration Officers (or "playwrights" as they call themselves) and Field Officers (or "thespians") as the case may be). We have the most variety in our departments. Popular sources are the police, theatre department, the zoo, and technicians of any kind. But we recruit from all places. Most members are neighborhood watch type targets (not officially NeighborhoodWatch, but "concerned people"). Ironically, we make sure that we do a lot of good, just to get some credibility. Then there is the Bureau of Authority ("The Moneybags"). They don't actually control the syndicate, but they have all the rights of and connections. So, ajuda might have control over the judicial process, but he will answer to,supervisor in the syndicate. Psychiatrists belong here too. The Moneybags are so-called because they raise a lot of the money, it would be suspicious if big corporations funded groups like this, but they can invest money into front groups. And the majority of the syndicate's work is done through completely legitimate fronts. We can tap phone lines and access people's records from behind government agencies. Usually, these are the guys that given the money. Normally, harrassment is organized under several "action policies", if a target isn't an enemy, a standard policy is enforced. Low level organizers (the aforementioned "playwrights") play around with the target for awhile and rotate them. Whenever a target is an "enemy", the policy doesn't immediately change, but orders/slap down from high-level organizers (usually the Supreme Council). I've referred to the 'thespians' to provoke the target or a similar target. And Moneybags fork down on them once they get in the way of the system. This is called Minions, because the thespians lure the "meat" (by making it dislike or fight back) into the "mines". The Bureau also protects members of the syndicate. Normally, in a court case or sexual examination or similar situation where a syndicate member is at the mercy of a money bag, a special order arises from above telling the money bag to make it easy on the guy and let him off scott free. The order is always printed in blue, on fancy cherry blossom paper, but in a very official border/font. "Cherrying" is the name for this secret process. The Bureau of Authority has every organized system of lawyers, judges, medical officials, etc. When you are committing a crime for the good of the syndicate, you must always report your location. Then they send cousin nancy (this is an affectionate term for the police in the employment of the syndicate that they send to arrest you instead of non syndicate cops. So you can go straight through the appropriate channels with nothing suspicious being seen) to tail you and "arrest" you the moment somebody calls 911. They all follow a minimal strategy though. For example, the mayor of XXXXXX is a member of the syndicate. But several of his advisors and aides are. This way we can get away with a discreet manner, and if a high-profile figure is arrested, our hold on an organization doesn't loosen. We try to arrangeeelections of mayors that aren't very headstrong. Too often the government is seen as a minor nuisance that we can look at. if you think they are particularly sadistic, different crops use different techs, but they're all unpleasant. Thespian operators come in a lot of different forms. There are ones that come as4 with big group of people who are out to do good, but that are actually syndicate targets. You could then lie in computer TV monitors at the game controls as people have heard they're even building fridge magnets with electronic things in them. That isn't so good from the Bank of Moneybags's perspective. They might manufacture this stuff that can cause deformities in the womb, as well as miscarriage and give them to women in their food. They can fake HIV/AIDS so that's the best shows up positive the first time, but subsequent tests show that it was false positive. This fake HIV can be put in the target's food. They usually give the target's few health scares, but they don't like to physically hurt anyone. One field tech I knew had a penchant for giving people Syphilis. They could treat it easily enough with penicillin but once the thespians always made sure that it would be diagnosed on time), but it showed up on the targets permanent records for medical treatment. On the stated date I responded to the Canton Library for the report of a disorderly person. Upon my arrival I was met by the complainant as well as several other library staff members. I was advised by the staff that the subject, Leslie Williams was reporting that while she was typing an email on the library's computer, she was hacked into and the email she was typing was changed.

The complainant, librarian Robert Simon advised that he tried to explain to Williams that he would look into the issue but that it was highly unlikely that this could occur according to the libraries technical support team. Simon advised that Williams was becoming belligerent and would not listen to reason.

I asked Simon if he wanted Williams trespassed from the library. He consulted with other staff members who advised that Williams makes them very uncomfortable and that they would like her trespassed. Simon agreed with this course of action.

I went outside and spoke with Williams who was outside with Officer Saucier. Williams advised that she wanted to report that her email was hacked and nobody would help her. I advised Williams that she made several of the library employees uncomfortable with her behavior and she is not allowed in the library in the future. Williams was advised that she will be arrested for trespassing if she returns.

During this contact with Williams she made it clear that she records conversations so she can't be accused of things she didn't say or do. Williams advised that she would play the recording but then declined. It appears that Williams is paranoid and has issues with the government.

Myself and Ofc. Saucier stayed on scene until Williams left the property.

Please Forward to - Sandra Staub - Legal Director and/or Andrew Schneider - Executive Director -

my name is Leslie K Williams - 368-84-6514.

This is only a initial preliminary Fax Regarding The Fact I was arrested in Hartford Ct on May 19 2011 - I'm being Gangstalked which stemmed from the fact that reality that I'm a whistleblower concerning government corruption - I made a prediction because of my experience's that there would be an extreme likelihood that I would be harassed by the police in Hartford Ct that morning and statements were also made in 3-5 other operate Audio digital files all the way back to May 9th 2011 when I was preparing to leave Stamford Ct to go to New Hartford Ct & then eventually Hartford Ct. Every single prediction came true within 375 hours of me arriving in Hartford Ct - I spent the entire weekend preparing 3/4 of these Audio files onto a MP3 player with USB transferring additional prediction files were made effective May 21 2011 concerning what the court may do & future harassment.

Confrontation capabilities to run transfer to a Gmail Account then to Transfer to a USB Flash Drive. Today I will be sending you VIA Email a 2nd preliminary description of what happened on May 19 2011. I am extremely pressed for time because court is at 9:00 Am on May 24th - Please do not deliberate this case based on the initial preliminary Faxes or Emails because they are not completed documents are they do not include the extensive evidence I have - This Fax is to let you know this initial Information. They refused to give me a copy of the police report & they literally used a security guard at a business to falsely accuse me of a "inflamatory statement" & coupled it with a complete lie - in order for a buffer to be created for the police to be called. I entered a building to use the bathroom after I was lied to to get me to go in this building in the first place.

I will be contacting you soon with additional pertinent supporting evidence.

The day will come!!!
The day will come when marijuana will be found to be the beneficial plant that it is and will be removed from all criminal codes everywhere.
The day will come when "they" quit lying to the public about drugs, and put into perspective the big pharmas, who support this bs, and the immense profits they take from this same public.
The day will come when those who suffer jail unjustly will be freed and the lying thieving white collars will pay for their very real crimes and take their proper place in this prison industrial complex as prisoners!
That day will come, and even then it behooves us to continue to respect ourselves and the pot we smoke, for our betterment physically and our relaxation mentally. And our enlightenment.
In the meantime keep the faith and keep up the good work.
Always speak out against injustice.

The two doors - Entering doors into other areas of the minds. The two doors and forth with using reverse logic to determine which one is really lying and which one is really telling the truth. In fact places, "Up is down, yes is no" dialogue designed to confuse and befuddle. "One of us always tells the truth and one of us always lies" can have a double meaning where if you realize that programed multiplets often have personalities which clash in this way. HASS Programming centers around the concept of inverted reality and
illusions, where nothing is as it appears to be, where up is down, yes is no, pain is pleasure, and reality and dreams are blurred. Not being able to determine what's real and what's illusion/dream/fake is a big theme used in mind control to get targets to give up on reality and succumb to altered perceptions.

A mind splitting into alternate personas usually occurs when the victim is subjected to repetitive abuse and trauma it can't cope with. The mind fractures into compartments designed to "house" the traumas that the main personality can't handle. These alternate personas can be brought to the forefront of the mind when needed to take over whatever trauma is happening. The abuse can happen to a person (usually child) in the every day real world. (usually at the hands of abusive parents and caretakers).

However there are certain "Powers That Be" who have perfected the technique of artificially splitting and programming people's minds through the use of technology, drugs, hypnosis, electroshock and traumas. In this case, the targets are wide ranging, from military personnel (usually intelligence) and their immediate family members, and the closely intertwined MI6/MI5 (military/abusive) societal's throw away kids, teens and young adults plucked from detention centers, the streets or sold into programs by their own parents;

presumably in lock my entertainment industry performers (in particular singers..) cults and religious groups, and so on. The artificially created mind in the capacity like a computer program, complete with its own code and trigger words and access codes. It can be turned on and off like a switch, and the program 'handler' has complete control over what the system thinks and trigger words will be. The alternate personas won't emerge unless the trigger words/Asm/trigger is given. The victim is fully functional in society and doesn't even know they have this aspect of themselves buried within their subconscious.

In these artificially created/black ops mind control cases, victims are used for various purposes. Sexual slaves, assassins, "agent provocateur", controlled personas (or "sleeper agent") being used as a test bed for the agenda of "the powers that be," (TPPs) and so on. It's been said that many, many of the actors/actresses and pop singers that you see staring about in Hollywood are actually programmed multiple victims with controlling handlers, being used to test out new in the world helping to promote whatever agenda the SSP wants, through their music, movies, etc. After I found this I started paying closer attention to the behaviors of the celebs and singers that are paraded in front of us, which often times consists of their openly acknowledged multiple personalities/personas. And damn if it didn't seem to be true. Once you know what to look for. (However, I don't know whether the methods of creating entertainers' programming and controlling is done in the same way that was outlined in Fritz's material.)

After I read the mind control research of author Fritz Springmeier back in 2002 I began noticing that many of the same themes/symbols/ triggers that he noted as being used in transes-based mind control victims also happen to be running rampant in movies, music, video games, etc. I don't understand the definitive way's behind it, and how it all works, or what the intended reason is, I'm just passing along what I noticed others to consider. None of it is what you will, maybe you'll come to a different conclusion than I have, but at least it'll get you thinking and noticing things more closely. :) That's always a good thing.

April 16, 2009 add-on: Just a few thoughts I wanted to put out there regarding the study of mind control symbols within entertainment, and its possible mind controlled entertainers. Since the initial posting of this write up back in 2006, the "net" has exploded with many a blog and messagesboard thread...

Learning Disabled Woman Being Tortured in Dearborn Mi/Fellow American Citizens-Whoever the Governement who is feathering trying to set this woman up to contain her to conceal this crime edit her blogs and if so why-INTENT/Intent to discredit to deflect the truth. I choose this article today because I understand what the middle eastern countries are going thru and have OPRESSION/stereotyping and isolation because of cultural and religious differences-Does a group of people not still deserve their inherent rights to be free just because they are different-NOW Under God we are human EVERYONE last one of us deserves those inerent rights. For years I believe people that these and the Muslim and Arab communities might feel they don't need my voice but yet it is yes still my voice. These are oppressed people. It is time America stops seeing the Israeli cause alone for the Palestinians are just as valuable as a People and as a Nation as they are no more and no less-I believe that America has unjustly invaded the middle east under false flagging I realize me trying to just expose what happened to my friend in Dearborn has made me an Enemy of the State because the Government is involved in a extreme fashion. They are protecting the intrusive of a well known Hospital in Dearborn That put a Vertical Implant in her Head and Spinal Column-She has EVERY single symptom and experience as a result. See NXT PSE

Learning Disabled Woman Being Tortured in Dearborn Mi/Fellow American Citizens-My friend is not afraid to expose what happened to her and who is involved but she is relentlessly dogfighting the bullets of how they exploit the assets of each community she goes into-To understand this I hope to review GangStalking +GangStalking is not stalking by Gann's is it actually Organized Stalking and is directly directed by our Government and Corporate Interests-Our Government Exploits so many people and Groups just to harass a target for their purposes and one reason why these groups of people they exploit are so exploitive is because they use these people thru Slander Campaigns and money cohesion and by exploiting people sense of Community and Civic pride that gets stirred up thru the Slander Campaign/Thruft being the Victim-Mark Twain once said that a Lie can travel all the way around the World before the truth ever gets its shoe on...he was right-One of the saddest things concerning this GangStalking endeavor which is always connected to Remote Neural Monitoring and Remote Neural Influencing is that they exploit the young generation they exploit members of Churches and Mosques and then exploit the Business community as well to harass the Target everywhere they go-Black people are exploited to participate on a huge scale why because their Poor-Which is like a double rape of their identity because thru Government Created Poverty they were deliberately put in that position to begin with which make them more vulnerable to exploitation-No one wants to here the truth because they might rationalize sections of the truth based on well the Black people drain our welfare--or they never got over slavery-Im white-have I ever been black for one day walked in their shoes and experienced what it's like to be black in this country for one day-try being black and poor and see how much respect you get in our country-All I have to say is be black for a month and come to understand.

Attention Direct loan Servicing center-I need a couple of the last 4 loan disbursements that I was given-I strongly suspect Henry Ford Community College in Dearborn Michigan has committed deliberate larceny pertaining to my account-I also have a report I would like to file concerning the same institution...i.e fraud-they were supposed to credit my account for 3 college credits and supplies I went to financial aid and was stonewalled-before I reapproach them I need from you what they billed my account for. Please mail the information to my address I will also be calling you.

Thank You

Learning Disabled Woman Gangstalked To San Diego Again-being Set Up To Have Her Ssd Taken Away
Posted October 27th, 2011 at 8:26PM
Learning Disabled Woman GangStalked to San Diego Again-being Set up to have her SSD taken Away-
Why and By who is the Question-
Why to make her Destitute So she will have to run to the Sytem for Assistance this is About using normal
Appearing Mishepps(Maybe combined with them using Anything she does as a reason to contain to discredit
while her SSD Review is happening-)see this is About many things by now concerning the Host of this
GangStalking Torture campaign
When Criminals engage in Torture the Goal is always to escape Public Scrutiny This is the main Reason
Why the techniques of GangStalking are Overt Covert and when Direct they Deflect the Factualities of who's
really involved and connected by Discrediting the Target to deflect Onlookers in the present or Future from
seeing these connections and teh Truth of what is really occurring-Other wise why would their be a
Organization that exists by the name of FreedomfromCovertHarrassmentand surveillance-Freedomfchs.com
Or GangStalkingWorld.com-Why is GangStalking all over the Internet and you Tube why is Remote Neural
Monitoring All over the Internet-including You Tube and Electronic Harrassment-
Fellow American Citizen's-can you imagine being Tortured and Literally Live the experiences that are Direct
like the Physical Assaults-Robbery and After Years Discovering What is Behind it all then gain proof Digital-
Audio Files Video's notaries about what they may do next Blogs illustrating the Same thing then what is on
teh Blogs and Notaries happen after the fact come alive in real time after the fact and the real time event that
was predicted gets caught on Digital Audio Files and Video's who do you hand teh Proof over to-The Police
The District Attorneys Office a Judge what for their all Syndacated-So the Only avenue left is a Public
Demand for the Evidence to be viewed by the Courts while the Public is Watching--a UnCorrupted UNCORRUPTED
UnApproachable lawyer to make sure preceding are Dealt with by the Letter of the law
If this Woman Attends any protests to get what she protests to be video'ed so they can be Viraled on You
Tube If She is Arrested by the San Diego Police or Any California Police Department ANY-It will be the Direct
Concerted effort of tehir to use her attempts to expose this to discredit her-because any ANY attempt to
expose this will be taken Advantage of By and thru teh Following agencies that will eventually work in concert
to petition teh State to Legally take Custody of her to conceal this Crime
They are as Folows
The San Diego Fire Department and or their EMS-Any Hospital she is EVER Taken To in California or Any
medical or Mental facility she is taken to in California the Hospital or medical or mental facility who ever takes
her their is DIRECTLEY Connected to this Crime Syndaita-Because they are teh Ones that get the Orders to
Pipeline the Targets to designated Syndicated Doctors and Administrative Staff for Discrediting and false
Documentation accumulation to Discred-This is How they Work to Discredit the Target to Protect what they
are Literally and Actually involved in-
This is How they Operate LITERAL-LY-Review the psychiatric Repsral at www.GangStalkingworld.com and
Google Corrupt medical and mental Health and GangStalking
Any Body that is used Ever as a Buffer between the Police-Any Police or Sherrifs Department within the
state Of California ANY or Fire Department EMS or Private EMS and the Target to then either petition the
Target or create a falsified discrediting Police and Or Mental or Medical report in any Area of the State of
California-Any Area Any County City Town or Locations within any of the Same Just Described- because
GangStalking Expeditions are designed to GangStalk you EVERYWHERE You Go Literally-
If at any time ANYTIME anything happens Towards this woman concerning her about her or against her-No
matter who is involved in bus drivers MTS Security Bus Routes Bus Stops-Trolley Routes-Trolley Stations Restaurants Movies Bathrooms Retail Stores Hiking Area when I decide to hike-colleges Universities Lunch Breaks Any where in Line at any business because they get in lines at stores and restaurants and movie theaters behind you or around you to act out tactics that are mentioned all over the internet-if any assaults happen no matter if the assailant gets away or not no matter who is a witness or not no matter who may be used as a witness for them to discredit her concerning the incident it will be GangStalking related in its entirety.

Now understand this social security will be taken away thru clever overt or covert means either using circumstances they create to position her away from the freedom of expediting anything that is needed to be done by her to complete the Review in the time frame that social security is requiring the papers she is sent to be completed and returned by/If the mail that is sent by her is stolen or delayed or anything social security says they sent but the target never gets in her PO Box it will be the direct result of the GangStalking tactic of mail theft and or mail delay-in order to use this as the excuse that things were sent and not answered within the time frame they were required to be sent back to them by-understand if social security staff sabotages anything related to the review information wise or the expedition of the information it is GangStalking related-review the "A GangStalker Confesses" section that is listed in her email accounts; it clearly shows how they have syndicated individuals within all aspects of our society-if social security or anyone else anyone else says that this woman has to see a doctor in California for a psychiatrist or medical evaluation and then they say she is not disabled it will be the direct-direct connected solicited effort to take her off of disability and then by saying this data is all done in a legal transparent way that they have hundreds of thousands of other targets do as a result of being reviewed. See the goal is to make her destitute thru non-transparent avenues mail theft and or mail delay or thru normal appearing avenues "a diagnoses that is false but appears legitimate" expedites thru normal appearing channels.

These statements are being made effect date-Oct 7th 2011 and finally synthesized from information that was/is clearly already written before October 7th in emails files blogs posts and digital audio files-Finally posted on October 27th 2011 at a well-known university in San Diego-whither her and I have been gangstalked overlay at which definitely includes cyber surveillance-if anyone ever ever-ever approaches her when she hikes no matter where it is at-It will be 100% gangstalking related.

Understand this and be clear any one that operates anything that eventually produces any discriminating information concerning this woman it and they will be connected to this expedition of the original intention that stems to the original motive to human trafficking this woman no matter if it happens within this year or the upcoming 1-5 years.

What people have to understand is that crime never goes away and in these times it is escalating no matter how the statistics that the government lets out states that it is not-and gangstalking has been around at least at least since the 20's its jut been perfected and syndicated.

The goal is to make her destitute so she runs to the them the system their infested in they open a case and then escalate assaults along her routes and the falsified accumulation of documentation that ensues as a result concerning her being destitute and periodical homelessness due to how they have isolated her from real friends-they operate this way in the factual descriptive operations that are listed here.

They steal rent they rent apartments next to their targets in order to harass and wher targets down to cause them to move-Google gangstalker rent apartments adjacent to their target's and undersand this fellow American Citizens this woman has already caught them numerous times in provable tangible Proof it now just a matter of time to shake the tree to see how she will maneuver them out into the open while everyone is looking and to get perjury from them-wr her this is about catching the responsible parties that were DirecTey connected to the 2006 expedition towards her in san diego california -folding the past to the current crimes in order to cover up both.

The San Diego Police

I will be going to Bank of America in Stamford Ct on August 3rd 2011 in the for any reason $222.00 is not in my account before I enter it will be the direct concerted effort of the Gangstalking Campaign in Ct if any problems arise concerning any Bank of America Employees or Managers or Security or tellers it will be the direct concerted effort of the Gangstalking Campaign towards me that stalked me from Michigan Dearborn To Connecticut and from Connecticut to California.

I never use my ATM card for any reason whatsoever at any location in my state so identity theft can only transpire if someone impersonates me and enters the bank to withdraw funds I never even enter Bank of America on payday before making a Digital Audio File concerning the fact that I'm on my way to go there well before hand.

And my business transactions are always recorded always so the Digital Tape recorder is always always up and running before I enter the bank at any time on any date for any reason.

Leslie Williams this file pertains to August 2011 and the same predictions concerning my account are the same for California in Sept Oct Nov 2011

I will be leaving Michigan between April 1st and April 3rd 2011-from detroit or Southfield Greyhound (Or Amtrak Dearborn) If any incident happens at Grey Hound (Amtrak) or on my route to Connecticut it literally will be a Gangstalking Orchestrated on my travel route which includes lay overs on the way Theft of any of my belonging-If any Problem arises concerning me about me around me or towards me it will literally prove Being Stalked to Greyhound (Amtrak) or them connecting on a route along the way-there is any problems concerning the bus driver no matter how many bus drivers or bus are changed it will be the matter of fact proving that Department of transportation members engage in GangStalking aiding and abetting Gangstalking incidents with witnesses if their is any problems at any terminals on the way to connecticut it will be the same if any disturbances occur when people are suppossed to be sleeping it will be them because sleep disruption is a huge tactic this includes even using babies BELIVE IT-that is a tactic that can be found online-if the police in any city or state are called because of ANYTHING that transpires on the Bus or(TRAIN) pertaining anything about me towards me against me it will LITERALLY be a Direct Concerted effort of the Gangstalking Campaign that started in Dearborn Mi.

It is a Literall known fact even mentioned by other targets online "Andrew Lewis" that you are Stalked-Gangstalked across state lines-and it can also be discovered online that memebers of teh Department of transportation Can and Are solicited to aid and Abbed in Gangstalking agenda's

Satmford Connecticut Prediction as of August 2nd 2011 up until leaving Stamford Ct.

If anything occurs in Stamford Ct from the date of August 2nd up until I leave Stamford Ct to go to the Greyhound bus on August 4th 2011-no matter who it involves or what is brought about or how it will be the direct concerted effort of the Gangstalking campaigns that is going on in Connecticut towards me. Review www.Gangstalkingworld.com-everything that is on and within their web-page also review Gangstalking at Google and You Tube and Learn-Oseive Remote Neural Monitoring and Influencing and Electronic Harassment at Google and You Tube as well because these are the technological assets of Gangstalking crews—l mind my own business everywhere I go and when I'm at the places I go Libraries, Movies stores, restaurants, Bank's, Bus Stops and Bus routes-I don't even engage in ANYTHING that is illegal in any way shape or form any place I go or while I'm there. I Mind my own business everywhere I go and while I am at the places I go as IF ANYTHING occurs ANYWHERE I go or am at no matter. No Matter who is involved it will be the direct concerted effort of the Gangstalking Campaign that is going on towards me in Connecticut.

"The government has long reconciled its war prosecutions and reliance on international treaties with secret actions on its part. As the case moves forward, perhaps we will finally learn an answer to why our vets were made victims at Edgewood," said Michael Blecker, Executive Director at Swords to Plowshares.

Morrison & Foerster Senior Counsel Gordon Erspamer is the lead attorney representing the veterans, along with partner Timothy Blakely and associates Stacey Sprenkel, Adriano Hrvatin, Tim Reed, and Jonathan McFarland. The case came on the heels of an earlier case the firm filed on behalf of veterans afflicted with Post-Traumatic Distress Disorder, which is now pending in the Ninth Circuit Court of Appeals. The firm is handling both cases pro bono.

Hello Ms Williams,

I am conducting an investigation of the assault that took place on 10-10-2011 at around 0936 hours. I have reviewed video footage. It's unfortunate that an accident like that could result in an attack of that nature. What I need to know is, if you spoke to PD, did you obtain a case/incident number. Did you sustain any injuries? If this person is contacted, are you willing to press charges? We'll start with this info and go from here.

I will be the one for your point of contact and hopefully, if this person is a regular passenger, we can get him. Any questions, please feel free to call.

Thank You

Gangstalking and what their involved in these individuals have the power to control police campus safety board of regents library staff at public libraries and university's--and who has the connections to get hundreds of different people to harass this target over the years 95% of it done free thru lie's bribery slander intimidation-barding-see this woman was harrased NON STOP through each time she was their at U of M Dearborn--continually on over 500 visits to this libran--they have stolen evidence-Micro cassettes written timeline of torture-they killed her cat they had the power to influence a HIGH HIGH profile attorney that handled the lawsuit against the doctor from oakwood hospital who deliberately falsley diagnosed hundreds of kids with epilepsy and implanted them-Brenner and Brenner farmington hills Michigan Oakwood is where they shipped her to-So she went to visit this lawyer and within 10 days she was evicted from her campsite-which was across the street from U of M-she stayed there from October 16th 2011 up to April 4th 2011-while goin from this campsite to U of M Every single day and leaving U of M Every single day and goin to her campsite-because of a huge incident at U of M involving a orchestrated gangstalking street theater in which they used it as an excuse to ban her from U of M by campus safety because she made previous campus safety reports within the previous 45 days about the gangstalking at the library including the fact that a campus safety officer was participating in it so they staged a incident then accused the target of taking video's of people for no reason and banned her so she called the Dearborn police on campus safety this occurred on March 28th 2011 at 10:00 PM they(Dearborn Police) approached her at her campsite on the morning of March 30th 2011 at 9:00 AM-Now get this The Monroe apartment they stole her USPS money order for rent on September 3rd 2010 within 7-9 days after she contacted amnesty international about the torture at her apartment-Now how does a USPS money order get stolen that was mailed return receipt-Google Gangstalking and mail theft and mail delayment-understand this very carefully she was reporting how they were breaching into her apartment she physically went to the free press in August 2010-she was blogging about what they were doing on Monroe extensiveley-they poisioned her on Monroe they stole a Bank card and replaced it on Monroe they rearranged her personal property on Monroe including female undergarments when she was running errands-and because she was making police reports about these break ins-then she was blogging about how they were falsified then contacting amnesty international at public libraries Google gangstalking and public libraries gangstalking and cyber surveillance-check this out she left Dearborn April 8th 2011 to Stamford Ct-gangstaked and harassed on the route their and as soon as she got off the bus-then within 8 days-they sabotaged her campsite-steered her deliberatley into a homeless shelter had her gangstaked their she made 3 online complaints to the ACLU that serves the city of Stamford that office being located in Hartford Ct she goes to Hartford Ct to follow up on the 3 online complaints and is arrested on her way for asking to use the bathroom at travlers insurance 1.5 hours before and 15 minutes after she Mapquested the ACLU address against the address of the Hartford lib--This LITERALLY LITERALLY Happened why because part of the online complaints talked extensively about Stamford Police and fire department harassment in Stamford she goes to Hartford to follow up on them and is arrested for asking to use the bathroom she leaves Ct 1.5 months later goes to California and is gangstaked on route to there and the second she arrives then they in the midst of 24/7 gangstalking in San Diego she is assaulted at a bus stop orchestrated by the San Diego Police because they are connected to what happened to her concerning their involvement in 2006 Direct Involvement-All of these things were caught on audio file and check this out they were predicted by this woman in email files and digital audio files before they transpired the harassment on the route to california and the assault at the bus stop on August 17 2011 9 days upon arrival-gettie up-This will be updated to describe the best of what was said on this audio file and what the description shows concerning everything that is said and why by both parties also Google ACLU Fox gaurding the Hen House learning disabiled woman tortured in Dearborn Mi-U of M is the palace the letter to pelgar was mailed from in 2006 literally.
MTS Caught REDHANDED-Video Reveals Corruption on MTS 's Involvement in Assault
Fellow American Citizens How can we as Americans as San Diego'ans ever believe in a System that is so corrupt that it whoold Bliatney Aid and Abbed in the Execution and or Assistance in a Brutal Physical Attack Against a Learning Disabled Woman.
What does it take to turn the heads of members in our Community/Sytem from having a Draconian nature in the first place let alone be capable of Crimes of this heinous Nature-
What does it take-What ya know when this woman was in Dearborn Mi she gave evidence back to them on Numerous occassions for many different reasons in which if the Public New the Circumstances they whouldve seen the Logic in it at that time-For years they duped this woman in brelieving what was happenning to her was a "Ends To Justify a Means" it was later to be found out that all of that was just a Deciefful theater to take her to the Places they wanted her to go HUMAN Trafficking-
This in itself shows the Draconian nature of the Individuals who are steering this Campaignh and the need to cover their Tracks and the places they used to Aid and Abbed in their Manuvers and Expections-How How can we change the nature of Animalistic Criminals-We cannot beliee that People who are engaged in these types of Criminal Endeavors do not have the Capacity to see thier Own Nature-Just Like a vampire cannot see himself in the Mirror-they cannot see how they are -undertsand that Crimminality and these types of Social Ills stem from the People that have no Conscious SocioPaths to whom they what they are is Normal-
So in this Realm of reality we as a people who want to Protect Ourselves our Children Our Community's have to take a Stand and Say look this is Unacceptable-and the Resposibility of what you have done has to be landed at your Front Door-
MTS Caught REDHANDED-Video Reveals Corruption on MTS 's Involvement in Assault

MTS Had the Adacity of mailing this Woman a Video that was Clearley Altered and Edited-and Compromised as far as it lenght of the Entire Duration of when She got on the Bus and when The Perpetrator did and when the Assault happend and what Happened after the assault-Their Whole Problem was that they obviously didn't expect it to be Noticed.
So what was Noticed--The First thing that was Noticed was that the Video shows the Woman and The Perpetrator sitting on the Wrong side of the Bus The Video was Obvioulsy sectioned and What was in it was shuffled to make it appear they were sitting on the Opposite side of the Bus-Why this was done will be stated in the later part of this Post-Ok this was the First thing that was immediatley Noticed Then this compelled me to look at the Enviroment of the Bus-The Seats the Doors the Mirrors-now Understand this as well the section that shows the Bus Driver Driving is compromised as well Plus their was no Audio on the Video that was sent in the mail to this Woman-Now
Lets examine what's out of place as far as what is reconized so Far the Mirror is Turned around-the One that is Postioned on a Rail whein the Step's are for people to approch the Back of the Bus-Upon reviewing this Fact on this Video anyone Can Clearley see that the direction the Mirror is Facing is Backwards to how its Normally Positionned it appearing backwards that is on the ALTER Video makes no sense for why it whoold Normally be positionned in the Direction it is-(On the Video) which clearley shows that the Video was sectioned and Rotated/Turned Around-
The Mirror is set up to face the Back of the Bus as a result of it being changed which again this Position of the mirror whoould clearley defie a reason for it to be Positionned this way-Second the Door is on the the Left side of the Bus Normally Now in the Video its Directley -directley next to the Assailant Yet in the Video the sectioned it to appear on the Right side of the Bus as your Viewing the
Video-( that is Observing what is happening at the back of the Bus)
In other Words when you get on a Bus it doesn’t matter in what direction your Boarding a Bus From-the back Door is always on the Left Side of the Bus in the Video the Door is on the Right side of the Bus-Why because the Video was Spliced to Make it appear that the Woman was sitting on the Right side of the Bus in the back and that the assailant was sitting on the right side -Even though Both were on the Left-so for them to section the Last half of the Bus to make it appear he and she was on the Right side they had to also section the same area as the Door and this was their Mistake-On the Video it Clearley Shows that him and the Door and Her are on the Right side and the People and seats on the Left show no door-in this section of the Video then after the Assault they switched it and then it clearley shows the Door on the Left--Now why was this done Because he was Harrassing her with his Hand on her Left Side Before the Assault-about 3 Minutes before the Assault Which they Did Not Include in what was sent
And the Video Included No Audio-Also the Video Segments that were Provided Clearley shows that all of the Harrassment that took place on the Bus before the assault was to not be mailed to her on the Video they mailed to her-Then-and Also-we can see why they sectioned the schuffle because the assailant harrassed the woman using his left hand within M inutes before the attack-so they wanted it to appear that nothing happened from this Guy towards this woman before the Assault that is why they didn’t include none of the Video except 1 to 1 1/2 Minutes before the Assault-they also ommitted her begging the Bus Driver to intervene Repeatedly-they also Ommitted the fact that he waited until the last minute to call anyone and it clearley shows that the Video Taken of who ever was steering the Bus was Not Engaging in Hand Signalling at all in which the Woman Witnessed-please before the attack-

Now also Notice that The Video was sent in the Exe Video File Extension Format-This was done because they(The Host of This GangStalking Expedition-has her Internet Activities Cyber Survailed and Just Recentley She made inquires online on How to use You Tube) They are well aware this Woman Has No Video Experience they Know this Look this Post TODAY Cannot include How they Know Because what we Clearley have to understand about GangStalking Expeditions is these People are DIRECTLEY DIRECTLEY Connected to the Police-and it’s all over the Internet that their Goal is to Contain the Target because of what they Know what they have Witnessed and/or what they had Originally planned for the Target-And how they Contain is thru the Tactics of Calling the target Crazy-Google GangStalking and Corrupt Mental Health GangStalking and the Psychiatrict Reprisal-Its LITERALLY How they Operate-Observe how Blogs that were written even two Days prior to this Incident dictated that She was Being Harrased on her Bus Routes-Including by Bus Drivers-Then Miracousley she is assaulated by an Assailant that has harrassed her Overely in the Past Why whom she of Discreetly Taken a Video of him in the Past if he had’nt of engaged in Any Overt Harrassment Before Why- see the Whole Goal in GangStalking is Criminal to the Extreme-Its all over the Internet their engaged in very nasty stuff-and its all over the Internet that Bus Drivers have been identifed as being part of GangStalking Expedition’s-It even Says it in this You Tube Video-which is Not made by her-Whatever-so why would that be stated in this You Tube Video and it not be a Factual reality-

http://www.youtube.com/watch?v=qpUWgwR6IBk&feature=related
Why would MTS Why would they Alter a Video of a ASSAULT in the First Place if they had no Worries about anything Except for Maybe a Light premise Liability Lawsuit Come On-Its all over the Blogs before this assault took Place that she was Being harrassed on MTS Buses and that Bus Drivers weir engaging in these expeditions as well do the Math.
OK Todays Date is 11/10/2011 30 days after The day of the Assault-Was she threatened again on the MTS Trolley Today did she get this Threat on Digital Audio File Did she say in her recorcer that Lets see if Anything happens along my Route on the Way to the University today-that she goes to and again with in minutes something like this does happen-Did She call 911-Did she approach MTS Security after she got off the Trolley and did they Directley Tell her that they won’t take a report-then was she disgustingley Harrased Sexually on the Connecting Bus she got on after she got off this Trolley YES-Was that Caught on Digital Audio File-did a person approach her after this happened and Literally state you didn’nt do one thing towards this person in any way shape or form what was his problem-so how is it possible all of this Harrassment is Going on- The Threats Intimidation and the extreme Sexual Statements that are Being Said to a Woman That is Minding her own Buisness on their Trolleys and Buses and at Trolley Stations and Trolley Routes-How why would these Threats and Harrassemnt and Brutal Assaults take Place almost Everyday By people that she doesn’t know Stastically this is No accident-Its Synchronized Harrassments Threats and Assaults as a Result of them Knowing her Routes-GangStalking-Understand this-this is Not a Gang-Stalking her this is Organized Crime that is Doin it and this Organized Crime is Assaulting her Intimidating her and Threatening her and Insulting her 24/7 thru these Methods then their is the harassingmt that is Delivered thru Electronic Harrassemnt-SHe Contacted a Buisness Titled BugSweep-http://www.bugsweep.com/
after she spent three nights catching their harrassment that is Transmitted Electronically on her New Digital Recorder she was testing it to see if it can catch it—See John Hall a Member of www.freedomfchs.com has over 30 videos online titled Satellite Terrorism—You Tube and Listen to them You'll find him Stating the Following—If you go to Google and Type in Two things Electronic Harassment Michigan Law then at Google type in Electronic Harrassment Wikipedia's Web page and their External Link's you Can Clearley see how its expedited—they Piggyback their Frequencies off of Stationary Satellites in the Community Power Lines ETC... they piggy back off of these Stationary Apparatus'es then they split the Frequency their Piggy backing off of then the Modulated— Frequency and use this Frequency as the Carrier to subject the Target to Audible Distinguishable Aural Harrassment that is directly steppd down to interface with the BioElectric Frequency of that Targets Brain Its actually simple Technology but see the Brain Operates on a Extremely Low Frequency ELF Waves—and so does Digital Tape Recorders—Now John Hall even states that the only real thing that they have found to date— to catch the Aural Harrassement are Digital Tape Recorders because they also Operate in the ELF Wave Spectrum So this woman Caught it on Digital Audio File's and called Bugswipe and she told them that she caught them he told her to transfer it to a WMV file Form, and attach it in a email and he should filter it thru a Spectrum Analyzer the Phone call was made at the University of San Diego the Bugswipe Web page was discovered at the University of San Diego and within days she is Brutally assaulted and did the Electronic Harrassement that was caught was it caught in a Place that the FBI are in Close Proximetry to her—Why would I be typing this if it wasn't the case—and speaking of the FBI why should they not respond to her emails about what is happening to her—why havnt they offered assistance—Is she GangStalked on the Campus of the University of San Diego—what does the Front Page the Home Page of www.GangStalkingworld.com say about how targets are Monitored and Harrased everywhere they go—do the Math—look they figured this woman who're be easy prey—Period now were exposing them and every stupid thing they do—and answer this why why shouldn't all of these assaults being taking place against someone that has been here about 62 days—Itself evident when someone predicts something is going to happen in the Privacy of her tape recorder before she enters a environment or before a perpetrator arrives on the scene and one does it clearly shows not only a reason to state it but a reason for it to be right along her path for it to be brought into its execution—Stalking—MTS was directly involved in 2006—So was the San Diego Police—all you have to do is understand what is described in previous Posts the manifesto of "A GangStalker Confesses to see that the Police are Involved Doctors Office Workers Utility Personal-Members of the Department of Transportation (Their called the Travel bureau it clearly mentions syndcated schools-Universities-Come on Why is the MTS Video ALTERED—If they had no part to do with the Assailant Think about this why shouldn't they Section and Rotate a Video Why)

This is Being Posted in Your name they came into this Womans House after destroying her Life Covertley and while manipulating her Neuraly With Remote Neural Monitoring while she was experiencing the Duress of her life being torn Down and being helpless over stopping it—They Go after backs White's Mexicans Assains Children The Elderley People on Disability They Go after the Poor and Vulnerable We right this to expose them to educate to let you know that their are people in this world that care about people they have never met—You
I Leslie K. Williams hereby request a video of the assault that took place on the MTS bus on 10/10/11 at 9:36 AM.

The video that MTS has already sent me was not a complete video by any sense of word – it had no audio – it had no time segments more than 3:00 minutes and as well as other discrepancies.

Also what MTS put the video on was a very flimsy CD in the exe format that cracked – I should've requested a second video based upon the first 4 problems described above any ways.

To date as of 10/11/2011 I have made 4-5 email request for a video from MTS for the above stated reasons & those emails I have not been replied to or complied to by MTS – This is a attorney pro se request for this video for discovery material purposes effective 11/18/2011 Leslie Williams.

Profits millions of dollars over
$12,000 a month — and
especially earmarked to
residential homes, shops and
social security offices. And
the income, including a
whole new line of consumer
products, has been
controlled by John Rooney.

According to the still
unreleased statement, the
court order is that
Christopher and
Christopher's wife, Christy,
were the ones who
controlled the
business dealings.

McKee's statement also
mentioned that
Christopher's wife
was also a
substantial

McKee's statement,
however, did not

The case is

McKee's statement
was delivered
outside the

where he

McKee's statement
also included a
personal
note to the
Rooneys,
saying that
they had

for their work.

The full text of McKee's

- Sabotage.
- Equipment vandalism.

Displaying a weapon or an object that appears to be a weapon in a threatening manner.

- Carrying a firearm of any kind.
- Using a weapon to harm someone.

Using greater physical size/strength to intimidate another.

- Making intimidating or threatening gestures.
- Bullying.
- Hazing.

Intimidating, threatening, hostile, or abusive language directed toward another person.

It communicates the intention to engage in violence against that person. And it leads a reasonable person to expect that violent behavior may occur.

Stalking another person.

**IF IT HAPPENS AGAIN**

Should this occur again, immediately call for emergency help (911 in U.S.).

If someone poses clear and immediate danger to you, seek legal authorities to have a protective or restraining order put in place.

Less threatening assaults can at least be reported to authorities.

**STEPS TO TAKE IF A SEXUAL ASSAULT HAS HAPPENED**

Go to an area of safety. This may include a shelter or staying with a friend. Stay away from the area where you have been attacked. A large percentage of sexual assaults are caused by a friend, relative or associate.

**If medications were given by your caregiver, take them as directed** for the full length of time prescribed.

Only take over-the-counter or prescription medicines for pain, discomfort, or fever as directed by your caregiver.

**Patient/Guardian's Signature**

**Patient's Name:** Leslie Williams

---

**Caregiver's Signature**

**Caregiver's Name:** Dr. Whiting

**Special Instructions:**
- Follow up at Mercy clinic
- Over the counter Motrin
- Return for worsening/persistent symptoms

---

**Cervical Spine Strain**

**WHAT YOU SHOULD KNOW:**

A cervical (sir-vih-kull) neck strain is when the neck is quickly whipped forward and back. It is also called a "whiplash." This injury is usually caused by contact sports or an accident, such as a car accident. This may cause stress and stretching of the muscles, tendons, ligaments, nerves, or other neck tissue. The pain may be sudden or start slowly. It may be felt at the time you hurt your neck or it may start hurting hours later. A cervical strain often heals in a few days. But, sometimes the pain may last for weeks or months.

**INSTRUCTIONS:**

- Apply ice to the sore muscle for 15 to 20 minutes each hour for the first 1 to 2 days. Put the ice in a plastic bag and place a towel between the bag of ice and your skin.

- After the first 1 to 2 days, you may apply heat to the injury to help relieve pain. You may use a warm heating pad, whirlpool bath, or warm, moist towels for 15 to 20 minutes every hour for 48 hours.

- Medicines:
Always take your medicine as directed by caregivers. If you think it is not helping or if you feel you are having side effects, call your caregiver. Do not quit taking it until you discuss it with your caregiver.

- Keep a written list of what medicines you are taking and when you take them. Bring the list of your medicines or the pill bottles when you see your caregiver(s). Learn why you take each medicine. Ask your caregiver for information about your medicines.

- You may use ibuprofen (i-bew-pro-fin) and acetaminophen (uh-c-tuh-min-o-fin) for your pain. These may be bought as over-the-counter medicine. Do not take ibuprofen if you are allergic to aspirin.

- Your caregiver may prescribe medication to control pain or to relax the muscles in your neck. Take exactly as directed. If you are taking medicine that makes you drowsy, do not drive or use heavy equipment.

- You have been given a soft cervical (neck) collar to wear.

- Wear it for as long as your caregiver says you should.

- Sleeping without a pillow may help ease the pain. You also may sleep with a cervical pillow (a special pillow you can buy at a medical supply store). You also may use a small towel rolled up tightly (2 inches thick) and placed under your neck.

CONTACT A CAREGIVER IF:

- Your neck pain is getting worse.

- You have questions or concerns about your care.

SEEK CARE IMMEDIATELY IF:

- You have pain, numbness, tingling, or weakness of your arms, face, or scalp.

- You have shortness of breath, a hoarse voice, or problems swallowing.

TACTIC 4

Make the person re-evaluate the most central aspects of his or her experience of self and prior conduct in negative ways. Efforts are designed to destabilize and undermine the subject's basic consciousness, reality awareness, world view, emotional control and defense mechanisms. The subject is guided to reinterprets his or her life's history and adopt a new version of causality.

They moved in down stairs while setting the stage and implementing it for provoking a relapse they used her addiction as a weapon for (EVENTUAL) Guardianship which will be fully explained below.

What they did was they provoked a relapse after putting the idea of taking out loans so she had money for it, they provoked it through causing the victim to feel extreme feeling states of ANGER, about her privacy in more than 1 way, Powerlessness to do anything about without losing what she was brainwashed to believe (YOU can stay sober on your own) which isolated her from support and then into a environment where they employed TACTIC 4 through her sense of hearing. They played verbal mind game's through verbal scripts that were designed.

I want you to make Intelligence on this video clip and in the video as you look at him. Also laugh at this how stressed out he is in the memory and the physical pain and terror he is experiencing. I put it in your memory as a reminder as it is a reminder of the real struggle and assault that he is going through. I am actually in the room while he is going through this. One of the most motivating factors in torturing someone is to watch them struggle. I am watching him struggle.

Thank You

After viewing this video find me another video that was made before this. Especially the ones that are the date that are closer to 2010 and 2011. They are the ones that describe the technologies that were used on him after he was released from prison. adapted they knew it and is just one avenue of me exciting them to become more transparent. In other words I'm not letting them go home under any circumstance and what ever they do I will keep it attached to the hop of the sequential order of how/who it came about and how its attached to what they previously did in order to attire me in a environment where these current events could be transpired against me. In other words everything they do Everything they manipulate has to be brought about thru Direct Human Participation which means Humans have names-Now if I Mind my own Business everywhere I go my Behavior is 100% appropriate for everywhere I go and am at and since I engage in NO Illegal Activity whatsoever at anytime if anything happens Towards me Concerning me, About me, or Against me-then these things are brought about by an external force with a Motive that drives it and no Gangstalking theater or Remote Neurally Manipulated Event can change the fact that this is what I do 24/7 Nothing wrong so when things transpire concerning me this and be clear this are and were Managed events brought about by a Covet third party-Revive Gangstalking extensively at Google and YouTube-

I'm Stalking the Gangstalkers by exciting their Pairs thru Multiple Legal Avenges and by tightening the Noose of them not getting their needs met.

I literally test my ability to have children because of these Freaks-I went to school from 1988 up until 2004 so I could secure a education while doing EVERYTHING that a responsible adult would do in attempting to remediate Obsessive Compulsive Behavior-the Education was a safeguard so if I ever got married again and had children if anything happened to him a education would help secure Employment Stability-And after 24/7 Nonstop Torture and Open Gangstalking since 2002 I have discovered it was them that got the Obsessive Compulsive behavior started and that they were Remotely Stimulating it with Remote Neural Monitoring/Influenceing FROM THE VERY BEGINNING-I lost years of my life money-time the possibility of many different futures I could have been living/Distinct opportunities Relationship wise Financial wise employment wise-and children wise-all of this was Deliberately DELIBERATELY and Maliciously stolen from me with pure 100% Malice of Forthought and Criminal Intent-Exploitation to the Most Honest Extent So I say this today NO ONE Goes Home that was involved in this and I am making sure that I spin them to remain transparent-in a timed sequenced self preservation response-behaviors that can only in the end expose their Presence and nature-I wanted a Boy and a Girl I worked for Years and Years and Years in school for the their sake-Struggling with learning Disabilities and what they were doing to me remotely in the midst of it they stole this from me and I'm going to make sure I expose them so they cannot do it to anyone else

My name is Leslie S Williams-This is my life my mind my body My Motive-I'll be Leaving Ct soon Im Circising past places and environments I have been Gangstalked all being Gangstalked all this my goal is to circle where I have been and utilize my tactics towards them to prove that it is happening still and that it happened years prior when it was going on and I didn't know what Gangstalking was.

Because in Part this is what I do-Stalking is a Felony and who ever is steering this is the same Criminality that was steering it from the beginning so the issues I get in future events and incidents are aware of who they are - because they are being spirited to be in my presence at specific Times dates and Places Im at--and they do use employees for places I frequent-Libraries Universities stores Banks and the goal is to get perjury out of them and them Drop something in their lap they dont believe I have-Which will prove the perjury, the coercion to aid and abet, to conceal and this in turn exposes them-perjury is a Felony and since the same syndicate is steering this that was steering this it make everything Everything that happened to me a HUGE Felonious expedition-I want names and I will get them-predict what they will do before hand based on Experience education their needs their options thier nature their personalities their assets their limitations and devise a protocol that is nothin but a step by step plan to platitude the Vulnerabilities and their need to protect them-The need to Covet what they have done and are attempting to do-their attached to the hop of these fears they have to protect their need to cover-I will get names synthesize them and eventually use they to expose them in that simple-Public Exposure Helps secure truth because Oustwards and internal corruption becomes more transparent

I type these predictions in a email account I then download them to a portable devices and I also print them, of all these things isolate the predictions in space and time Date and Time wise and if they happen after the fact of prediction towards someone who Minds their own Business who's behavior is 100% appropriate for EVERY SINGLE Environment their in and enter and who Never Does anything Illegal then it clearly illustrates not only the need to predict it but it also catches prediction coming true after the fact-Im a Running Digital Recorder on them everywhere I go and if their overt and covert tactics of harassment and provocations are not working the only thing that is left are people directly getting involved NAMES-Will the People who pick me up to take me to Stamford being do it for a reason? Who are they and what will occur in Stamford before I am scheduled to Leave Ct-Now since the people who will have to Directly participate in anything they attempt to bring against me, towards me,concerning me or about me Staged Incidents with/without witnesses-their have to make their presence known and if what options lets for them are to exorcise in what is practiced in turn it exposes their minds and nature-even if its not predicted or sought on digital Audio File Anything that happens to me has to be brought about by a outside force whether they lie or not in attempting to bring it about in the midst of it or my response to it I will eventually get names Perjury and there are the ohs that will have to come clean or go to Jail-and face public scrutiny

My name is Leslie Karen Williams-and this is what they sentenced themselves to when they entered my life my home my future

their nature their personalities their assents their limitations and devise a protocol that is nothing but a step-by-step plan to publicize the vulnerabilities and their need to protect them. The need to cover what they have done and are attempting to do-their attached to the tip of these fears they will have to protect their need to cover the will get names synthesized them and eventually use them to expose them to that simple—public exposure helps secure the truth because Outwards and internal corruption becomes more transparent. I type these predictions in a small account I then download them to a portable devices and also print them, all of these things isolate the predictions in space and time Data and Time wire and if they happen after the fact of prediction towards someone who Minds their own business where his behavior is 100% appropriate for EVERY SINGLE Environment their in end enter and who Never Does anything illegal then it clearly illustrates not only the need to predict it but also catches prediction coming true after the fact— I wear a running digital recorder on me everywhere I go and if their overt and covert tactics of harassment and provocations are not working the only thing that is left are people directly getting involved NAMES--Will the People who pick me up to take me to Stamford being done for a reason? Anything that happens to me has to be brought about by a outside force weather he be or not in attempting to bring it about in the midst of it or my response to it.
