around Feburary 17 2010 A Dearborn Police Officer "The same one who accused a person at a bus stop in Dearborn of giving him the finger around the 10'th or 11'th of Feburary"--pulled up in the direct field of vision of this same person at the same bus stop and when he stopped at the traffic light he postioned his patrol Car Video camera directley facing this person,then he waived hello in a Jumbelant fashion to this person who then procedded to wave hello back.
Now about 3 week's prior to these inc ident's this same person was at the same bus stop in Dearborn wheir at that time a person she was introduced to long ago provoked a verbal argument with this person at this bus stop he kept calling this person vile names using profanity after this person asked him to leave her alone several time's and him not doin so she eneded up giving him the finger.
The victim of this incident had remebered being introduced by a freind, that when she was introduced, stated that it was a freind of her's from Alcoholics anomymous in Dearborn Mi. Also this same person that was provoked at this same bus stop by this aquintance from long ago and from this Dearborn police Officer only travel's 95% of her time to 4 place's .

The other most frequented City /Township in Bloomfield Hills Mich in Oakland County Mi.Dearborn BloomField and her same route of travel to and from these palce are the only place's this person goe's The Police in Bloomfield Mi have engaged in activity's similar to the dearborn Police Officer by pulling up directly in Front of this person Parking and walking directly by this person while this person is haveing a ciggarette"Bloomfield patrol Car Video Camera/"? Wayne, Dearborn, Farmington Hills and Bloomfield are the major city were these Gangstalkers have staged altercation's of intimidation and Harrassment and every gangStalking Tactic they can use against this person without it becoming obvious to onlookers that this person is being stalked.
Employee's of the place's this person goe's to frequently and routinely are being used every chance they get this difffinity cludes Governement Employee's.
